

SPFAST presented a check to Sgt. Meyers on 12/23/08

Well to say that today was an amazing display of generosity would be a huge understatement. Since Ryan first became sick about 5 years ago, my family has experienced some amazing generosity, caring thoughts and prayers from the members of this Outfit and their families. And I can tell you first hand that there's no way I could possibly thank everyone involved for all that you've done or said or listened to. I guess what I'm trying to say is Thanks! Not just because of the money (believe me, it helps), but the fact that you guys and everyone else would take the time to think of me and my family. I try to never spend a day feeling sorry for my son, my family, or myself. I really believe we were lucky to have what we have in our lives. Merry Christmas to all of you and feel free to pass my sincere thanks on to who you feel is appropriate. Thanks Troopers!
